

Zlatko Mateša, Ph.D.
President
Croatian Olympic Committee

Siniša Krajač
Secretary General
Croatian Olympic Committee

August 26th 2024

Dear President Mateša,
Dear Secretary General Krajač,

Thank you for your kind communication and update regarding the Croatian Bodybuilding Union (HBBS).

We appreciate the information you provided and your support to our sport.

I'm pleased to confirm that we had the opportunity to meet with representatives of the Croatian Bodybuilding Union during the last European Championship. During this meeting, we instructed them to provide us with some updates and information regarding the rules, facilitating their full reintegration into the IFBB with the highest level of effectiveness. We placed special emphasis on the necessity to integrate all clubs, which is essential after this prolonged period of disagreements, with the aim of ensuring that this new phase is conducted with the greatest guarantee of success in service of the ideals of sport and the bodybuilding and fitness athletes of Croatia.

We look forward to continuing our collaboration to advance the development of our sport in Croatia.

I regret not having the opportunity to see you in Paris, where I attended the opening ceremony and the first days of the Games. However, I would like to take this opportunity to congratulate you on the excellent results achieved by the Croatian Olympic team at Paris 2024.

Best regards,

Rafael Santonja
President
